Aruba ClearPass Configuration

24th – 28th April 2023

Course Details

This 5-day Aruba ClearPass Configuration course prepares participants with foundational skills in Network Access Control using the ClearPass product portfolio. The course includes both instructional modules and labs to teach participants about the major features of the ClearPass portfolio. Participants will learn how to set up ClearPass as an AAA server, and configure the Policy Manager, Guest, OnGuard and Onboard feature sets. In addition, this course covers integration with external Active Directory servers, Monitoring and Reporting, as well as deployment best practices. The student will gain insight into configuring authentication with ClearPass on both wired and wireless networks.

Ideal Candidate for this Course: Typical candidates for this course are network professionals who want to build up their basic knowledge of the ClearPass product portfolio.

Mandatory Requirement: All attendees must have a valid HPE Learner ID to join the course. This is to ensure the class shows against their profile.

Pre-requisite: A minimum of 1 to 2 years of experience in rolling out network solutions in a professional environment.

Course Subjects:

- Intro to Clearpass
- ClearPass for AAA
- Authentication and Security Concepts
- Intro to NAD
- Monitoring and Troubleshooting
- ClearPass Insight
