

# HPE Master ASE – Compute Solutions

This certification is for those who specialize in compute solutions, performs as an architect and also provides integration and installation. If you are a pure Architect, you should move to the HPE Master ASE – Edge-to-Cloud Architect. This HPE Master ASE – Compute Solutions certification validates that you can plan and design advanced HPE compute solutions based on industry advanced computing technologies and workloads as they relate to optimizing for performance and/or availability. You will gain skills to gather information, analyze customer business and technical requirements. You will learn to recommend and position HPE compute products, solutions, tools, and appropriate services for customer use cases and workloads. You will also be able to architect and design an HPE solution based on customer needs and then demonstrate and present the solution. This certification qualifies for the [HPE Master ASE Advantage program](#), an HPE Tech Pro exclusive offer.

### Why earn this certification?

- Plan and design advanced HPE compute solutions based on industry advanced computing technologies and workloads as they relate to optimizing for performance and/or availability.
- Gain skills to gather information, analyze customer business and technical requirements.
- Learn to recommend and position HPE compute products, solutions, tools, and appropriate services for customer use cases and workloads.
- Architect and design an HPE solution based on customer needs and then demonstrate and present the solution.

### Candidate

Typical candidates for this certification have seven to ten years of design and implementation experience with compute solutions based on industry advanced computing technologies and workloads.

### Skill level

Master

### Steps to acquire this certification

#### Before you begin

Acquire access to [The Learning Center](#) and get an [HPE Learner ID](#). If this certification requires a written or online exam (HPE0 or HPE6 or HPE2), then create a user profile with Pearson VUE, our exam vendor for proctored/online exams. Practical exams (HPE1 or HPE0-AxxxP) are delivered through PSI or Aruba Education Services, therefore no Pearson VUE user profile is required.

#### Step 1: Register or apply for this certification

[Register for this certification in The Learning Center](#). This will make your progress toward this certification more visible within your learner transcripts and the HPE Learning Management Systems.

#### Step 2: Verify and complete all prerequisites and requirements for your chosen path:

#### Requirements for candidates new to this certification

There are no prerequisites for this path.

**Requirement 1 – Complete:**

Exam #	Exam name	Register for exam

**Digital Badge**

Based on the [Open Badges Standard](#), digital badges are online representations of your HPE certifications. Each badge is unique to you. Once you accept and place your badge online—in LinkedIn, Twitter, your email signature, for example—clicking on the badge sends the viewer to a custom verification page that includes your name, HPE certification(s) held, and the skills and capabilities required of the certification. [Click here](#) for more information on HPE digital badges.
